

## Wheel Hub Grinder | Plastic Type | Inner-Ø 90 mm

**Product number: 70968**

**Weight: 0.588 kg**

**EAN: 4048769061272**

- for quick and easy removal of dirt and rust from wheel hubs and brake discs with wheel bolt support
- quick and rust-proof cleaning of contact surfaces
- prevents the falsification of the wheel bolt tightening torque through corrosion
- interchangeable and long-live grinding wheels
- suitable for passenger vehicle, van and MPV wheel hubs up to Ø 150 mm
- optimized for the current wheel hubs with enlarged inner diameter (Ø 90 mm)
- cup wheel with 12.5 mm (1/2") square socket
- for use with impact and cordless screwdrivers (max. speed 1500 rpm)
- with hook and loop fastener for quick change of the grinding wheel

### scope of delivery:

- 1 basic unit / grinding cup with internal square
- 1 spare grinding wheel | for BGS 70968 (BGS 70968-1)
