

Air Cutter | flexible Head | 260 mm

Product number: 70994

Weight: 1.42 kg

EAN: 4048769075200

- for processing of car body and other workpieces in hard to reach areas
- easy, fast and safe cutting of steels as well as aluminum depending on the cutting wheel
- flexible head can be tilted in 3 positions by 25° each and can be locked with quick release fastener
- protective cover to protect against flying off parts and sparks
- direction of rotation (right/left) selectable on the top of the housing
- infinitely variable speed control on the underside of the housing unit
- air exhaust through handle to the rear avoids dust turbulence in the working area
- robust composite housing for high durability
- to be used with cutting disc set | for stainless steel | Ø 75 x 1.0 x 10 mm | 5-pcs. (BGS 70998)
- cutting disc diameter: max. 75 mm (3")
- vibration level (ahd): 1.8 m/s² (K): 0.1 m/s²
- recommended hose diameter: 10 mm (3/8")
