

Double Piston Lever Type Grease Gun

Product number: 71040

Weight: 1.65 kg

EAN: 4048769076276

- for lubrication of vehicle and machine components with grease nipple
- for professional processing of commercial greases
- for use in mining, industry, construction, vehicles, agriculture, machinery, etc.
- with double piston for 3 times higher grease output per stroke
- 4-jaw gripping mouthpiece for firm grip on the grease nipple
- compatible with all commercially available 400 ml grease cartridges or 500 cm³ loose grease
- low effort for greasing due to optimal hand lever ratios
- non-slip textured powder coated finish
- die-cast aluminum head with vent valve
- ergonomic rubber grip on the hand lever

- pressure: 413 bar (6000 psi)
- load capacity: 500 cm³
- delivery rate: 2.4 g per stroke
- connection thread: M10 x 1
- tube length: 150 mm
- wall thickness: 1.2 mm
