

## Cordless Working Flood Light | COB-LED | 5 W

Product number: 85340

Weight: 0.958 kg

EAN: 4048769056667

- brings light to any place, whether workshop, garage, construction site or garden
- energy-saving due to the use of COB-LED technology
- highly robust plastic housing for high resistance against mechanical claim
- stable tubular steel frame with plastic protective corners
- encased foam carrying handle for a stable and non-slip grip
- protected against ingress of water as well as dust and thus optimally suited for use as construction spotlight in dusty or humid environments (IP65)
- flexible stand allows individual adjustment of the desired beam angle
- 360° rotatable and 120° tiltable light body, lockable by adjusting screws
  
- light source: COB-LED
- light source lifetime: 50000 h
- brightness: 350 Lumen
- color temperature: 5500 - 6000 K
- lamp rotation angle: 360°
- lamp tilting angle: 120°
- standing area: 160 x 135 mm
- dimensions: (H) 250 x (W) 143 x (D) 160 mm
- charger input: 100 - 240 V / 50 - 60 Hz / 0.15 A
- charger output: 5 V / 1500 mA
